FOOD POISONING:

1 case was ascertained during the year, nine days after onset and before notification. The patient was a 63 years of age male factory worker. The infection was *Salmonella panama*. Initial symptoms were giddiness and fainting followed by diarrhoea and nausea for four days. Investigation was made immediately upon receipt of information and the only food the patient could recall having eaten which could be regarded as suspect was canned tongue. This food was available and was submitted to the Public Health Laboratory but it was in too advanced a stage of decomposition for examination to be carried out. Another, unopened, can of the same food was obtained from the patient and also submitted for examination. No pathogenic organisms were isolated. The part of the opened can bearing the manufacturer's embossed code was not available so it was not possible to know if the two cans were from the same consignment. No further cases were notified or otherwise ascertained. Observation of the case was continued and examination of stools obtained subsequently were negative.

IMMUNISATION (STATISTICS - WHOLE COUNTY) 1969.

	Primary					Boosters.
	Born 1969	Born 1968	Born 1967	Born 1966	Born 1962-65	Others - 16
Diphtheria	911	676	161	51	133	36
Pertussis	910	673	155	48	90	21
Tetanus	911	678	163	60	181	303

Experience in Wales and elsewhere continues to show the value of maintaining a high level of immunisation in the population against certain diseases. In particular immunisation against diphtheria, whooping cough, poliomyelitis, measles and tetanus. Vaccination against smallpox infection has also proved invaluable. It must be emphasised that where these diseases have been absent for many years, the prevention of a possible serious epidemic depends upon the percentage of susceptible persons in the population who have been immunised or vaccinated against these diseases.

MASS R. RADIOGRAPHY:

A Mobile Unit of the Welsh Hospital Board did not visit the area during the year.

NATIONAL BLOOD TRANSFUSION SERVICE:

A Blood Transfusion session was held in the Borough at the British American Optical Factory on the 11th April 1969. 92 persons attended of whom 81 were able to donate blood 37 being new donors. 84 were employees at the Factory and 8, including 1 of the new donors, were from the General Public. Sessions for the general public were held at the neighbouring Town of Llanelli. Most people can donate blood to the blood bank, and the amount of blood taken is quickly restored from the body's reserve which is replaced in a matter of days. With the continued increasing need for blood, I appeal that in the future, more people will donate blood for this most worthy and needy cause.

NATIONAL SOCIETY FOR THE PREVENTION OF CRUELTY TO CHILDREN:

Close collaboration is maintained with the Local Inspector of the above Society and mutual action to mitigate distress is taken whenever necessary. The Local Chief Inspector is Mr.D.R.Lewis who resides at 44, Glenalla Road, Llanelli. (Telephone Number 5612)

NATIONAL ASSISTANCE ACT 1948 - SECTION 47 (as amended 1951)

This section provides for the removal to suitable premises, of persons in need of care and attention. No formal action under this section has been necessary for a number of years, persuasive action having been sufficient to achieve the desired ends. The availability of the powers does aid persuasion in certain cases.

LABORATORY FACILITIES:

Specimens and samples are sent to the Public Health Laboratory, Glangwili Hospital, Carmarthen and to the Public Analyst, Carmarthen.

DISTRIBUTION OF WELFARE FOOD:

National Welfare Foods are distributed under arrangement with the Carmarthenshire County Council. The centre is open daily at the Borough Offices, Kidwelly.

HOME NURSING EQUIPMENT:

Sick room and nursing articles and equipment for patients at home can be obtained from the County Medical Officer of Health under arrangements made by the County Council. A monthly charge, based on the cost of the item is normally payable. Cases of hardship receive special consideration.

Patients are charged according to the family circumstances and the cost of the article. Equipment provided under the County Council arrangements include:- air-beds, air-rings, bed cradles, bed-pans, back-rests, crutches, urinals, waterproof sheets, etc.,

Requests with regard to the provision of equipment should be submitted to the County Medical Officer of Health.

HOME HELP SERVICE:

The Home Help Service is organised by the Carmarthenshire County Council. The Home Helps are provided during the lay-in period in maternity cases where the patient has no relative available to undertake the domestic duties of the home, and also in certain cases of sickness or need. For those in receipt of Social Security benefit domestic help can be arranged when needed through the Department of Health and Social Security. The Health Department collaborates closely with the Officials responsible for the services enumerated above. The area Organiser is available for interviews and information at 6, John Street, Llanelli, on Mondays between 2.30.p.m. and 4.00.p.m.

MENTAL HEALTH SERVICE.

The County Council provides the service for the care and after-care of people suffering from mental illness or sub-normality and whole-time mental welfare Officers are employed for this work. The Officer duly authorised to take initial proceedings under the Mental Health Acts for the provision of care and treatment of persons in the area suffering from mental illness is Mr.D.A.David, Glen-view, Gwendraeth Town, Kidwelly.

MENTAL SUBNORMALS:

The Carmarthenshire County Council is responsible for the ascertainment, supervision and general welfare of mental defectives. Supervisory home visits are made by a Social Worker and a Home Teacher is also employed for the Home Teaching of mental defectives.

There is a Junior Training Centre for Mentally Handicapped Children at Heol Goffa, Llanelli, with teaching facilities for 75 children, and residential quarters for 12 children.

Facilities are also available for short-term care of cases during holidays or illness of the guardians.

CITIZEN'S ADVICE BUREAU:

A Bureau is established at 4, John Street, Llanelli - Office Hours - Monday to Friday inclusive are:- 10.00.a.m. to 12.00.noon and 2.00.p.m. to 4.00.p.m. (Telephone Number - Llanelli 5626)

At the same premises, from 10.30.a.m. to 12.30.p.m. the services of Voluntary Advisors are available as a Citizen's Advice Bureau.

REGISTRATION OF BIRTHS, MARRIAGES AND DEATHS:

The Registrar is available at the Borough Offices from 12.00.noon to 1.00.p.m. on the first Thursday of each month.

POST MORTEMS:

Post Mortems are performed at the Llanelli General Hospital. The Council's Mortuary was therefore not used during the year.

VAPOUR GAS DISINFECTOR:

This is situated at Llanelli and is used under a scheme operated in conjunction with Llanelli Borough, Llanelli Rural District and Burry Port Urban District Councils.

SANITARY CIRCUMSTANCES OF THE AREA:

WATER:

The Llanelli and District Water Board completed a coastal supply scheme, with a 12" main to Kidwelly, and a 6" main from Trimsaran, thus providing most of the Town area with filtered and chlorinated water from Llanelli.

The former sole supplies for the Town are as shown below and still in use to the extent indicated.

The supplies are obtained from wells in different parts of the district and from deep seated springs tapped and delivered by cast iron mains. They consist of hard-waters which have a high degree of natural purity and are not plumbo-solvent. All the supplies are chlorinated and chlorination tests are made daily.

CAPEL SUL SUPPLY:

This yields a minimum supply during extended drought period of about 12,000 gallons per day and now only supplies Ferry Road and Water Street.

MILLANDS SUPPLY:

During the summer months this supply augmented the Capel Sul Supply.

CAE CEFN SUPPLY:

This supply gives a minimum flow of 15,000 gallons per day. A gauging chamber is provided to record the overflow from the collecting chamber which has shown a constant flow of 10,000 gallons daily. This supplies most of Mynyddygarreg area.

MAESGWENGLIN SUPPLY:

This is from deep seated springs, tapped in a disused silver mine audit level and gives a minimum supply of approximately 36,000 gallons in 24 hours. There is a storage tank for 10,000 gallons. This source is used to supply a few properties only north of Felindre. Otherwise the supply is held in reserve in the main against a check valve.

CARMARTHEN RURAL DISTRICT COUNCIL SUPPLIES:

These serve part of Mynyddygarreg and the Kingswood area.

In addition to the 12" and 6" mains indicated above a housing site main was provided for the supply of water to the Council's Ger-y-Gwendraeth Housing Estate during 1969.

There were no schemes under construction with the Water Board in Kidwelly during the year.

The Board were awaiting the approval of the Welsh Board of Health at the 31st December 1969 for an 8" main from Kidwelly to Mynyddygarreg for the supply of water from Llanelli to be taken to Mynyddygarreg.

Also, at this time, the Board had under consideration the construction of a service reservoir for Kidwelly.

Samples taken during the year on the various supplies for bacteriological examination were satisfactory. These samples were taken in addition to the samples of raw water from the above supplies taken by the Llanelli and District Water Board for examination and analysis.

Average daily consumption in the Board's area:-

- a. Domestic - 5,534,000 gallons per day.
- b. Trade - 4,840,000 gallons per day.

Total number of dwellings in the Board's area supplied with water - 24,770

Estimated population supplied with water - 78,410

Average daily consumption per head for domestic purposes during 1969 - 70.6 gallons.

Number of gallons pumped during 1969:-

- a. From Gwendraeth Fach River - 239,703,000
- b. From River Towy - 508,855,000

Number of days pumping:-

- a. Pembrey Pumping Station - 119
- b. Towy Pumping Station - 151

Total rainfall during 1969:-

- Cwm Lliedi Reservoir - 50.37 inches
- Number of days on which rain fell - 204
- Maximum fall - 1.75 inches
- Date - 13th March 1969

BRUCELLA ABORTUS:

A Notice under provision of Regulation 20 of the Milk and Dairies (General) Regulations 1959 served in May 1968 remains in force although milk production at the farm has discontinued.
